FREQUENTLY *Asked Questions*

Do we need to hire a wedding coordinator?

Yes! We require that you hire a professional wedding coordinator for your wedding day. This person can be a day-of coordinator, partial planner, or full service production team, but we ask that they are not a family member or part of your wedding party. It is so important to have a coordinator or planner who is fully dedicated to making sure your day goes off without a hitch, and that your family and friends get to enjoy celebrating as guests, and not as vendors.

What are the responsibilities of a coordinator?

Your coordinator serves as the primary point of contact for your wedding day. They are responsible for managing your timeline, communicating with and directing vendors, cueing the ceremony processional, keeping photos on schedule, overseeing décor setup, and assisting with décor teardown at the end of the night. Ideally, your coordinator will take over organization and vendor communication during the month leading up to your wedding and will also be onsite to run your rehearsal.

Who from Evergreen Events will be onsite on my wedding day?

An Evergreen Events manager will be onsite to oversee your event, manage our banquet staff and bartenders, address venue or facility needs, and oversee the execution of your catering and bar service. Your Evergreen Events manager does not replace a wedding coordinator, but will work closely with them to help your day run smoothly!

Do we need to book vendors from your preferred vendor list?

Nope! Our preferred vendors are professionals we have worked with and loved. They are familiar with our campus, and we trust them to do a great job. However, there are plenty of amazing vendors we have not yet had the opportunity to work with! You are welcome to choose the vendors who best fit your style, needs, and budget.

Can we bring in our own catering?

Evergreen Events is the exclusive provider of food, beverages, and bar service at our venues. We do make exceptions for wedding desserts and one or two cultural dishes prepared by a licensed caterer. All outside food must be approved by Evergreen Events in advance.

FAQS CONTINUED

Will we get to taste the food before our wedding day?

Yes! Each year, we invite our booked couples to a tasting event where they can sample a variety of menu items. If you are unable to attend, a private tasting may be scheduled with your Evergreen Events representative. Please keep in mind that private tastings are less extensive than our tasting events and are scheduled based on our existing catering and event calendar.

Can our dog be a part of our wedding day?

Absolutely! We only ask that your furry friend remain on a leash at all times, and that you arrange to have a dedicated pet handler to clean up after them. If you need a recommendation for wedding day pet care, let us know!

Do you have free parking onsite?

We have TONS of parking (over 1,000 spaces), and all of it is available for your guests to use, free of charge! Even if the parking lot nearest your chosen venue fills up quickly on your wedding day, there is likely ample parking just a short walking distance away in a nearby lot.

Do you require event insurance?

We require liability insurance with \$1 million per occurrence, an additional \$1 million in host liquor liability, and that all vendors be insured. Event insurance can be found online through specialty insurance providers for around \$150, or through your personal home/auto/renter insurance provider.

Are you LGBTQIA+ friendly?

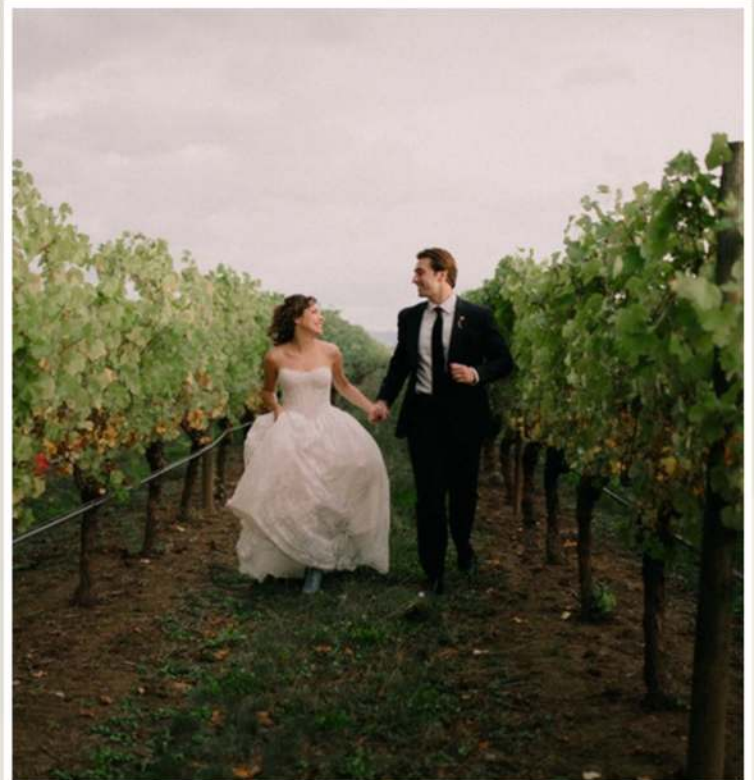

Absolutely! We believe love is love, and we are honored to celebrate every couple. We have proudly hosted many LGBTQIA+ weddings over the years, and our team is committed to creating a welcoming, inclusive experience for you and your guests.

We are ready to book! What are the next steps?

Yay! When you have confirmed your date and venue are available, let us know and we will send over a booking form. The booking form allows us to gather all of the information we need for your event contract. We will send over a contract, along with a payment link to secure your date with a non-refundable down payment. The down payment is equal to 50% of the venue rental fee and is applied to your final balance.
